

# Vertex-ST Seed Treatment for Corn

Vertex-ST is a seed treatment for corn that combines two great TerraMax Products: MicroAZ-IF and Micro PSB-IF in to one amazing product for ease of use and greater yield potential.

The proven performance of MicroAZ-IF and Micro PSB-IF in Vertex-ST gives the plant the benefits of fixing atmospheric nitrogen and increasing root growth through the stabilized bacteria *Azospirillum* and it also has the benefit of improving the availability and efficiency of phosphorus in the soil using phosphorous solubilizing bacteria called *Pseudomonas*.

## BENEFITS

**Fixes Atmospheric Nitrogen (NFB)**

**Stimulates Root Growth**

**Releases Phosphorous from Soil Particles**

**Compatible with Most Starter Fertilizers**

**Guaranteed Minimum Analysis:**

$2 \times 10^5$  *Azospirillum*

$2 \times 10^6$  *Pseudomonas*

$2 \times 10^6$  *Pantoea*

**Use Rate:** 16 oz. per acre

in-furrow application

Available in 2.5-gallon jugs.

Treats 20 acres
